## Year Book Will Top Former Issues

### Each Student Attending Our School Will Have Picture In "Acatec"

Bill McAfee

This year's Acatec will be the best yet! A live-wire staff assures us of that. Bill McAfee is the Editor. What more need we say! There is also a hard-working executive and staff. Max Lipkin who was Editor of a Rideau Park Junior High School Year Book, is the Assistant Editor. Mr. Irwin is the very competent advisor concerning the actual production. Mr. Maberley is in charge of promotion and business in an advisory capacity.

The Acatec's Art Editor is Jack Beavers, who was Art Editor last year and knows his department thoroughly. Bert Beavers, president of the Camera Club, is in charge of Candid Photography. Substantial prizes are being awarded for all candid camera shots printed, so get out your cameras and go to work.

Jack Stevens, Social Editor of the Mirror, is head of the photography department. Last year there were over 30 pages of photographs and this year there will be even more. Individual pictures will be taken of all graduating classes and all the other XI's and

XI's will have group pictures taken. Thus every student in the school will have his or her picture in the Year Book. J. Alan Avery is Secretary of the Acatec, and with all his experience in handling money for the school, he is sure to do his part excellently.

John Irving is Sports Editor, and he assures us there will be pictures of the rugby games, hockey games and track events in the Acatec. Individual pictures of the rugby teams will be taken. Joan Crumblehulme is Assistant Sports Editor.

Doris Hoar is in charge of the Clubs, Fraternities and Sororities. The humor is being covered by Bonnie Goodison. Very ably handling the Literary Department is Betty Irving. Dave Wolochow is in charge of business and Reata Tasman is Circulation Manager.

The best coated paper is to be used, making possible 133-line engraving to make pictures especially clear. All stories will be illustrated and students are asked to contribute their literary endeavours. Contests are being held and prizes awarded for the best poems, articles and stories.

Seventy-five cents is being charged this year because the Acatec is going to be even bigger and better than last year. Students will receive more than outstanding value for their money. At the present time 25c of the total 75c is being collected and the balance of 50c will be collected on the day (Continued on Page Four)

### DON PATTERSON GOES TO ENGLAND

Don Patterson

Don Patterson a student at this school last year, left for the Old Country last Sunday, Nov. 13.

Don was chosen to give the Valedictory speech at the closing graduation exercises in June, 1938. Aside from being a Hi-Y member, Don worked as Associate Editor for the Acatec.

Many friends were at the station to see him off. He also plans to travel for a short while on the continent. We hope Don has a good trip and may he be reminded not to forget to come back.

### WESTERN MIRROR OUT ON THURSDAY

Due to changes in timetables, the Western Mirror will be published on Thursday mornings hereafter. Members of the staff will please note, however, that the deadline still remains Wednesday night.

Norma Fletcher: Oh, mother there is a mouse in the pail of milk.

Mother: Oh, dear. You took it out didn't you?

Norma: No, mother. But I threw the cat in.

## PURPOSE OF THE HOME AND SCHOOL ASSOCIATION

THE Home and School Association of Western Canada High School is not a money-making organization. Their purpose is to create and maintain a better mutual understanding between the home and the school. They also aim to create a basis of co-operation between the home and school. Problems are brought by the teachers to the meetings and the parents learn, by consulting the teachers, the lacking qualities of the students or of the parents. Parents are requested to bring their suggestions to the Home and School Association meetings and to state them so as to demonstrate to the Executive where they fail to fulfill their objectives.

To do this full co-operation of the home is needed. The entire faculty have shown

their willingness to assist, but more support from the home is needed to make this enterprise the success it merits.

The Home and School Association has co-operated with the City Federation to supply necessary equipment and to provide books to students who are unable to meet their own needs.

They also appoint a "Sick-and-Visiting Convener" who visits sick students and visits with parents concerning student problems.

At future meetings a ten-minute period is to be set aside for current event talks by the teachers. All topics chosen will have a direct bearing on the students and their work.

Making the concern of the school closer to the home, is the ever-existing problem of the Home and School Assn.

## LETTERS TO THE EDITOR MUST BE SIGNED

IN THE past few weeks several unsigned letters have been received by the Editor and after some consideration it was decided that they should not be published unless the writer made himself known. The person who has an honest complaint will certainly not mind signing his name; however, the person who refuses to sign his letter generally is a person without logical grounds for a complaint and whose only desire is to cause trouble.

In future all letters to the Editor which are reasonably well-written and which have grounds for a complaint will be published. It is your paper and your constructive criticism is welcomed, but you must reveal your identity. The staff will withhold names if it believes it is justified, when publishing a letter.

In conclusion it boils down to this: "If you haven't the fortitude (nerve to you) to sign your name, save your ink."

—THE EDITOR.

## BOYS' HI-Y BATTLE WITH ELEMENTS

Eleven Hi-Y members and mentor, Mr. Carscallen, spent Wednesday and Thursday at the Y.M.C.A. Camp Hector, 55 miles from Calgary on the Banff highway.

Wednesday was a day of pleasant weather, and activities consisted of skating (for those with skates) and later that afternoon some of the fellows went for a hike in the canyon. Everyone seemed to have at least one foot wet after proceeding some distance, and with but one major plunge. That evening it started snowing and continued until late Thursday. By time to leave on Thursday a good 18 inches had fallen. Considerable trouble was experienced in the attempts to drive the cars out of the camp to the highway, but no accidents occurred. A real time was had by all the boys. Included in the real time were pillow fights, bed raids and splendid meals.

## SCIENCE CLUB ARRANGING FOR GUEST SPEAKERS

Subjects of vocational value are being stressed by Mr. Bowden as an important part of the program as outlined for the Science Club this year. Arrangements will be made for having speakers come to the meetings and address the students on such subjects as "The Qualifications for Engineering," and to give them industrial surveys.

Last year the club was given the opportunity to study methods used in Calgary's major indus-

tries. From time to time visits will again be made to these plants so that students may obtain first hand information as to the operating of modern machinery.

Educational films dealing with the different branches of science, social conditions and world industries will be shown at intervals during the year.

Those interested in this society should watch the bulletin boards for dates of future meetings.

## RHO SIGMA TAU INITIATES FOUR NEW MEMBERS

Four new members, Betty Stable, Helen Able, Dorothy Tellison and June Smith, were initiated into the Rho Sigma Tau sorority at First Street West and Eighth Avenue on Tuesday, Oct. 26th. Formal initiations took place later at the home of June Smith, when the girls were welcomed into the sorority.

After some detailed discussion it was decided to hold a dance in St. Marks' Hall on November 18th.

On October 28th eight guests were entertained at a scavenger hunt. Dancing and refreshments followed at the home of Betty Stable. The guests of the sorority were: Johnnie McDermid, Betsy Harris, Frank Barrington, Ray McQueen, Nicholas Olenchenco, Elmer Lennox, Clarence Mitchell and Chuck Greene.

The members present were: Helen Able, Jean Rollo, Betty Stable, Agnes McDonaugh, Dorothy Tellison, Maxine Whitlock, Joy Whitlock, June Smith and Eileen McJunkin.

## ALPHA BETA RHO GIVES "PROGRESSIVE" PARTY

Friends of the Alpha Beta Rho were entertained recently at a "progressive" dinner party. The courses were served at the homes of Ethel Hutchcroft, Phyllis Goodridge, Nora Johnston and Connie Boise. The party concluded with dancing at Nancy Hanna's.

Those present were: Miriam Grogan, Bill James, Phyllis Goodridge, Ray Van Adel, Sylvia Hart, Gordon Burrell, Nancy Hanna, Fred McKenzie, Ethel Hutchcroft, Jack McDonald, Nora Johnston, George Burrell, Bernice McDonald, Derek Davies, Helen McDonald, Albert Annand, Yvonne Mackie, Noel Langham, Joan Swepson, Peed Kerr, Margaret Whitaker and Bob Neal.

## TUMBLING CLUB STARTS SEASON'S ACTIVITIES

The Tumbling Club activities this year have started under the direction of Mr. Souter, Mr. Gislason and Mr. Ireland. Last year there were over 100 members and this year, with a larger school, the Tumbling Club enrolment should be increased.

Mr. Gislason will supervise the wrestling classes, while Mr. Ireton will handle the boxing and parallel bar classes. Mr. Souter will be the instructor for the tumbling and vaulting groups.

The tumbling classes are to be divided into two groups, according to previous experience of the members. All students interested in tumbling, boxing, wrestling and pyramid building are invited to enrol.

# Western Football Season Successful

## Western Seniors Win City Title; Juniors Lose Playoff Game To Crescents

After a long yet successful season, Western's three football teams have hung up their mole-skins for the 1938 season. It was a very successful campaign as the Seniors won the city title, the Juniors reached the final playoff, and the Intermediates won two of their five games. Western's best year was in 1921, when she won all three titles, a feat never equalled by any other city school. However, there was a decided improvement over last year, when Western went without a championship.

The players wish to thank the three coaches, Dick Haughian, "Butch" Roberts and "Johnny" Souter; the manager, Mr. Powell; the local daily newspapers for their publicity, and all those who made the Lethbridge trip possible.

### Senior Rugby

The Seniors won all four of their league games, but spoiled an undefeated, untied record when they were downed 8-7 in an exhibition game with Lethbridge Collegiate in the southern city. The Western team showed lots of scoring punch by piling up 60 points and having 34 against them. Sid Steele was the high scorer with 17 points, and was followed by Jim Gulick with 16 and Stewart McNeill with 15. Steele was most effective in running back kicks, while Gulick was without doubt the finest plunger in the league. When Jim lowered his helmet and began pawing the turf, he did everything but blow his whistle at the crossings. Bradley, Neal, Jorgens, Humphries, Johnson, Irving, Powell and Baker played

well in the backfield. In the line Lee Williams was a tower of strength, while those two unsung heroes, Al Lust and Lionel Narraway, were standouts at the guard positions.

The Seniors were a grand team a credit to the school and their great coach, Dick Haughian, soft-spoken mentor, is to be complimented on his splendid job of coaching. He took over our boys and in his quiet yet efficient way produced a squad that is considered by many local sportsmen the best coached high school team ever to play in Calgary.

### Intermediate Rugby

Although the Intermediates did not do as well as the other teams, they played smart ball to win the fans. Coach Roberts developed many stars from a more or less inexperienced squad. W. Chikinda, a guard, proved to be one of the best linemen in the league. IacLachlan, an end, did all the kicking for the team, while Arnold Cohen, a good leather lugger, was the team's best tackler. Mert Klippert as a halfback, was surpassed only by the sensational Jack Holdsworth of St. Mary's. Mert was a powerful plunger and a shift broken field runner.

Western was at its best when she trampled Central 22-0 in the season's opener. Later on they again defeated C.C.I. and this time by a 7-0 score. The Intermediates lost one to Crescents and two games to the strong St. Mary's team. In the last game of the season, the Saints trounced the tri-color 21-5. Despite the fact that Western won only two games they made an improved showing over last year, and they played smart football.

### Junior Rugby

Western Juniors enjoyed a very good season, winning four out of six games, only to lose the championship to Crescents by a score of 16-5 in the final game. Western lost two games to the Hilltops, but got one back in a smashing 13-11 victory on Johnny Gordon's last-minute field goal.

The Juniors scored 59 points, one less than the Seniors, and had 34 chalked up against them, the same number as against the Senior champs.

Western was sparked by Johnny Gordon, "the mighty atom," who was a real triple threat man. Other stars were the long striding Doug. Lyth and rugged Henry Kwong, whose plunging was terrific. Lloyd Lewis, H. Dobson, Leong, Pederson and the Fisher boys were also Western stalwarts.

## Year Book Will Top

(Continued from page 1)

of issue. There are two reasons for this. The first is so that the Executive will be able to estimate the number of copies to be printed, and the second is to make payment in May easier for the student.

To make the Acatec an even greater success than last year we need the co-operation of every student in the school.

Remember, we have the largest educational institution between the Great Lakes and the Pacific Coast, so we have a high standard

Marg. Le Couteur: This is the silliest show I've ever seen. The acting is awful and I can't make head or tail of the plot.

Johnny Irving: Quiet, stupid! This is the newsreel.

# THE HONOR ROLL

The Mirror takes great pleasure in publishing the names of all the Second and Third Year students who received an "A" standing in any subject on the November report cards. To all, the Faculty and the Mirror staff extends hearty congratulations for your good work of the past two months. The names of all the Grade X. students will appear in next week's issue.

## Academic Subjects Second Year

### Chemistry II.

David Garland, Courtney Woodward, Paul Skirrow, Roger Young, Nathan Goodman, Jack Outmore, Murray Carroll, Donald Flett, Ronald Miller.

### English II.

Julia Bailey, Ruby Bibby, Ruth Jacobson, Peggie MacLean, Isabel Mondia, Arthur Teale, A. Inglis, R. Shaw, D. Schneller.

### General Science II.

Ruth Jacobson, Mary Steedman, Mary Trim, Ross Elford, Cliff Cole, Terry Fowler.

### Latin II.

S. God'ey, B. Marriott, J. Bell.

### Mathematics II.

N. Collin, Mac Corkum, Sid Fowler, B. Jeffery, R. Lawrence, D. Lloyd, L. Loveday, I. Oliver, Kay Barnes, Ella Bell, Teressa Burrows, Hazel Caughey, Vivian Chapman, W. Pease, G. Savage, H. Spence, E. Roberts, W. Wallace, R. Wrightson, G. Gardiner, D. McFarlane, Marie Choquette, Millie Claxon, Mary Crichton, Phyllis Friend, Isabelle Gilbert, Kay Willis-Harris, B. Baird, C. Carson, W. Jones, K. Salter, L. Snyder, E. Simpson, F. Callihan, J. Paptie, H. Buckley, K. Kozy, J. O'Connor, F. McCutcheon, M. Whitehead, K. Adams, A. Inglis, E. Larsen, M. Marsh, I. Morgan, H. Pellson, O. Phelps, R. Redding, P. Robinson, L. Ruby, D. Rver, D. Schneller, L. Sherman, H. Simper, M. Uselman, M. Wells.

### Physics II.

Everyn Erown, Brian Fisher.

### Social Studies II.

Marjorie Stewart, Pauline Hiatt, Elizabeth Lane, Gordon Hughes, Alex. Snowden, Jean Andrews,

Iean Bailey, Julia Bailey, Vivian Chapman, Millie Claxon, Geraldine French, Irene French, Phyllis Friend, Ruth Bibby, Glover Brotherton, Norma Prosser, J. Woolrich, A. Asselstine, M. Lowe, M. MacLean, J. MacPherson, A. Nelson, I. Keown, E. Larsen, B. Patterson, P. Redding, D. Schneller, Herbert Kelter, Jeanne Bell, Gwen Gardner, Mary Walker, R. Lawrence, D. Lloyd, L. Loveday, A. Macuch, J. Oliver, L. Pearson, W. Pease, E. Roberts, F. Weimar, W. Westlake, B. Atherton, B. Bothwell, A. Broda, W. Chikinda, C. Cole, D. Engleman, T. Fowler, B. Inglis, F. Jamieson, A. Montgomery, H. Russell, D. Smith, R. Stuart, J. Veres, H. Caldwell, B. Hawkins, B. Porter, B. Scotcher, M. Corkum.

## Commercial & Industrial Subjects—Second Year

### Art II.

Orinda Harris, Alex. Snowden, June McGaughey.

### Arts and Crafts II.

Maureen Finnigan and Harvey Bailod.

### Bookkeeping II.

John Beare, Gordon Brinacomb, Gordon Dunn, Howard Irwin, Arthur Roberts, Stuart Sheldon, Stewart Sinclair, Evelyn Boardman, M. Corkum, Chrissie Doull, D. Lloyd, Enid Nowell, W. Pease, Doris Rhodes, Betty Wade, Julia Bailey.

### Electricity II.

Arthur Teale, William Hawkins, James Ridgeway, Hubert Russell.

### Dramatics II.

Joan Ryan, Ky MacLean, Audrey Kinney, J. MacPherson, Peggy MacLean, Alice Asselstine, Alex.

Snowden, Elizabeth Lane, Dorothy chneller, Katherine Skov, Clare Morrison, Muriel Ennie, Florence Davey, Thule Thomson, A. Flock. **Fabrics and Dressmaking II.**—Gwen Gardner.

**Home-Making II.**—Mona Bailey, Sonia Colesnik.

**Clothing I.**—Dorothy Nichols.

### Metal II.

J. McLeod, C. Russell, A. Teale, D. Tower.

### Office Practice II.

C. Doull, Baptie, Boardman, Hides, Kozy, Nowell, Rhodes, Rowe Tuton, Fraser, Keyte, Leighton, Merkley, Wright, Allsop, Greenstain, Hannah, Harmston, Leckie, Strickland, Stuart.

### Penmanship II.

M. Evans, H. Bried, M. Clarke, E. Flanagan.

**Printing II.**—J. Barber, B. Dunnett, P. Jenes.

### Rapid Calculation II.

Helen Bried, Margaret Fairweather, C. Hay, G. King, Dorothy Milhalcian, S. Sinclair.

### Shorthand II.

Helen Bilawy, Mary Crichton, Millie Deepprose, Gerry French, K. Arkley, N. Collin, M. Corkum, S. Fowler, D. Lloyd, L. Loveday, Jean Oliver, Thelma Thorvaldson, Mary Uselman, Elsa Wilson, R. Wrightson, May Armstead, Maud Buchanan, Mary Beckerleg, Mildren Beaulieu, Helen Bried, Josephine Brown, May Calder, Margaret Clarke, Jessie Cowan, Etta Dunn, Margaret Fairweather, Louise Florentino, Nettie Guterson, Margaret Hayden, Hazel Hawkes, Betty Fowler, D. Johnstone and Dorothy Mihalcian.

### Stenography II.

Edna Beattie, Margaret Peck, Margaret Rost, Betty Robertson, Jean Stirling, Laura Van Amburgh, Mary Wallace, Mary White.

### Spelling II.

L. Avery, H. Bried, M. Calder, L. Charbonneau, K. Curtis, M. Davis, M. Eagleson, E. Flanagan, L. Florentino, K. Ford, S. Ford, B. Fowler, N. Guterson, M. Hastings, D. Mihalcian, M. Webb, and A. Harvey.

(Continued on page 8)

## "Stage Door" Will be Presented by Dramatic Classes

The 190 members who make up the Dramatics Classes this year are more enthusiastic than ever. There are several groups under the able direction of Miss Mitchell. One group of girls are engaged in dressing dolls in American Period costumes, the dolls to be used later as models for actual costumes. There are also students studying stage designing, stage make-up and lighting.

Yes! There will be another play! Every afternoon now you can find the potential Thespians plugging away at a play that promises to be the best yet. The script of "Stage Door" with its cast of 31 is not the original Kaufman-Ferber plot, which reveals Hollywood as the big, bad

villain, but a story conceived by Rusking and Veiller, showing Broadway as the idol, which crushes ambition and ideals. It's a romping comedy with all the eager, confused ideas of aspiring actresses. The "Stage Door" opens into the lives of a group of such girls living at the "Foot-lights Club" waiting for the mythical "break", lured on by the Broadway of bitter defeat and fantastic success.

By the way, if you have any old furniture, rugs or clothing, please bring them over to the stage. The Dramatics Club will appreciate them. Did you know that poster paint can make ordinary sacking look like a rare Egyptian tapestry? That is—when you are three feet off the stage.

### ETTA BETA THA HOLDS SURPRISE PARTY

Pearl Walls was guest of honor at a surprise party given at her home by the members of the Etta Beta Tha.

The following members were present: Evelyn Carlen, Olive Campbell, Lillian Cartlidge, Grace Scott, Clarice Apperly, Thelma Theriault, Jean Handfoot, Dolly Lynch and Juanita Cranstoun.

The guests were: George Sumner, Rod Carter, Bert Hughes, Bert Jeffery, George Stevens, Doug. Floyd, Fred Breed, Bob Green and Art Roberts.

### GOOD TIME HAD BY ALL AT THE "GUY FAWKES TROT"

November 4th was the night of the big blow-off for the Omega Sigma Tau. Many couples from

Western were in attendance to dance to the lovely music of Sonny Fry and his Gentlemen of Music.

Although the Frat did not make all the required funds they desired for the purchase of a trophy, those present said that it was the best one of the season so far.

These boys would like to give good advance notice for their Easter Parade coming up. This is an annual event and is intended to be the hit of the season.

### THE FENCING CLUB

Mr. Ensinger is the instructor for the Fencing Club which was re-organized late in October. A fee of 50c is being charged for 16 lessons. About 50 members signed up and paid their due to the club's secretary, Jack Setterington. Fencing develops poise and grace. Why don't you join, too?

## Program Convener Elected President

Mrs. S. A. Bartlett Elected President of Home and School Council.

Mrs. S. A. Bartlett, programme convener of the Western Canada Home and School Association, was elected president of the City Council of the Home and School at the annual meeting on Oct. 25th. The president's term of office lasts one year, at the end of which period a re-election is held. Mrs. T. K. Lockwood is the former president.

Our heartiest congratulations go to Mrs. Bartlett.

Mrs. Geo. F. Grainger, the sick visiting convener of the Western Canada executive, is finding it a little difficult to contact the students who are afflicted with various maladies which confine them to bed or the hospital. Once a week Mrs. Grainger phones the office and students who have been reported ill are sent a card, a telephone call, or, if desired, a personal call may be made. If you have ever been sick, you know how these little attentions help to ease the boredom of lying in bed all day. So how about giving the Home and School a hand, and your sick pals a boost by letting the office know when anyone is out of commission. Better still, phone Mrs. Grainger at M 7367.

### SWING HI! SWING HO!

We of Western can now see where Central gets its swing. The average passer-by cannot appreciate the fact that Central has installed new swings for its students. We hope that this wearisome sport does not distract the students from their studies, for boys will be boys, you know.

# SCANDAL

Hello, fellow pupils! Boy, that long week-end sure was swell, wasn't it? But with the Christmas exams coming around soon, it looks like we will all have to settle down to some good studying. We, personally, were thinking of starting tomorrow, and then tomorrow it will be tomorrow, if you get what I mean. We're looking for, and waiting for that joke that we asked of you.—ED.

Gerry G. and Jack Jorgens seem to be doing all right now that Mr. Cormack has turned his affections towards Dossie, or has he?

We see Robin Corbett walking with Betty Baker between some of the periods. Then she walks home with Gordon Wyckoff and Wilse Jessee at noon. Don't get any of your strings crossed, Betty.

Now we have two of the R.A.F. boys losing sleep over two "Westernites." Maybe that one who was doing the loops and dives the other day was showing off for their benefit. Anyway we sure hope they don't fall for them during business hours.

Bill "Mud-slinging" McAfee is kinda getting beat out by Perrin Baker. But Bill kinda sticks around anyway. So does Thoule Thompson, but of course, there's no connection.

Jean Baptie: That was a wonderful thing the orchestra just played. To me it was like the ecstasy of first love or the dewy freshness of an early spring day.

Bert Williams: You're right; it was a WOW.

Bob Cruise was standing in the garden thinking this was the end. After months of close companionship the time had come to part.

Sadly he thought of the good times they had had together. Those summer evenings when they had walked to and fro, while he had listened to the shrill chatter of his companion.

But now it was all over. With one last lingering look he closed the door and strode swiftly away. After putting the lawn-mower away for the winter it was the only thing to do.

If you wonder why Cam Sadlier looks so down-hearted it's because Lois Hagen is at the Convent in Red Deer.

"Hunk" Humphries is trying to get Helena Silcox to move in from the "sticks." Don't worry, Hunky, love will find a way.

Jack Denham: Dogs like me. When I walk down the street, dogs follow me. They walk up to me and lick my hands.

Kay Kozy: Why don't you try eating with a knife and fork?

Here's one for the books. 'Cass' White says he's growing the lip foliage so the girls won't fall for him. Ain't Jack a circus?

FLASH! Marg. LeCouteur sure scared the boys in Lethbridge. One of them phoned her in the middle of the second period on the Monday after the game. (We also hear rumors of a war in Spain).

Vern: Are mine the only lips you've ever kissed?

Hammy: Absolutely—and the nicest!

Cliff Baillod: Why the sleeves of this coat are a mile too long!

Tailor: How much shall I take off?

Cliff: Oh, about half an inch.

Pat Stirton tells us there are 23 school days until Christmas. That is 115 hours, 6,900 minutes, or 414,000 seconds. And we thought he was doing literature for a change.

Bob Jones: She is only a photographer's daughter, but oh, what development!

The love-bug is biting Verna Peare lately, especially when she sees Horace Bradley in the eighth period.

Sid Steele (gaily): Will it take much to feather a nest?

Furniture Dealer (joyfully) Oh, no; only a little down.

(We like our furniture dealers to be joyful. Any comments on this important point will be greatly appreciated).

Teacher: Why did the butterfly flutter by?

O'Grady: He drank the dragon fly's flagon dry.

Why did Bernice Smilie give Bill Strachan the air?

"Gee, I wish the school socials would start," says Alex Broda; "it would give me a better chance to get around Lillian Day."

The reason Rozene Lee was absent from school last week was because of the rehearsing of her sister's wedding. Your turn next, Rosena.

## McAfee's Meanderings

After reading that simply divine description of the Lambeth Walk by Barney Meadows in a recent Mirror, our mind immediately began to work. (This is a slight over-statement, of course). The immediate thoughts that came into our mind need not be mentioned here, as this is a respectable publication. To get back to the subject, our thoughts finally boiled down to this:

A lot of people dance. If this seems a little obvious please bear with us. Then we thought that while there are many very good dancers here, there are also some who could stand a little improvement. So with the help of two of the dancing public, a girl and a boy, we now have a list of faults noticed in both sexes. If you have any in mind that we have omitted please send them in and we will give them due consideration.

The worst offences are the faults which are apparent to everyone on the floor. The major fault is charging about the floor completely disregarding the music. This is usually the boy's fault, but occasionally some husky Amazon decides to do her own leading and chaos results. Then there is the jitterbug. Personally, we have nothing against most jitterbugs and we know some very, very nice ones. But those members of the species who keep time to the music with a sort of "ch-ch-ch" sound and hot numbers break out with loud shouts of "Swing it" and "Yeah, man," etc., etc., should let their feet not their tongues keep time to the music.

Conversation seems to be the point that troubles partners the most. First and worst is the bore

whose conversation sounds like a convention of oculists. (This is deep). If you must talk about yourself, take an hour off some time and tell yourself just how wonderful you are, for after all you are the only one interested.

The shows you have seen may have been very good and the actors very romantic, but please, please try and restrain yourself, and work something into your conversation besides how simply gorgeous Taylor is and how much more attractive Gable is than any five other people on the floor. And while we're on the subject, your partner isn't interested in what a divine dancer George is or what a wit Hank turned out to be.

And listen, fellas, don't kid the gals about their dancing. You may be just fooling, but it tends to make them self-conscious. And don't be one of those Romantic Romeo's who cheek-to-cheek with any and every girl. Their assets usually consist of a three-day beard and a desire to lean on the poor gal.

Well, this may not be the "Open Sesame" to popularity, but you can't say we haven't tried!

## The Honor Roll
